

THE SATCHEL STUDIO

THE PHOTOGRAPHER

MIA CRAMER

Born and raised in Perth, I studied Fashion and Textiles Design at Curtin University, which further ignited my love of all areas of design and photography. I moved to Sydney in 2013, where my creative passions and skills continued to evolve, with graphic design and photography quickly becoming my main focus. I recently returned home to Perth in 2021 and I am very excited to explore the Western Australian landscape for future photography series.

I have been lucky enough to travel to some beautiful places around the world, always with my camera in hand to capture the hidden beauty and candid moments of the places I have been.

The Satchel Studio was created through a desire of sharing my photographs, which collectively form a visual diary of my travels and experiences, with each one having an emotional connection for me to the particular location - my wish is that these photos ignite similarly powerful feelings for you.

WEST COAST

My latest series West Coast is one of my most personal. I wanted to share some of my favourite places to visit and the ones that hold special meaning and memories. The West Coast is my home and after 8 years of living on the East Coast the West Coast series is about celebrating being home and honouring the beauty and uniqueness of WA.
